## THE STYROCHEM SALES TEAM HAS BEEN COMPLETELY OVERHAULED TO PROVIDE YOU WITH THE BEST POSSIBLE SERVICE

Domestic and European sales are handled exclusively by Melissa Wallum, Manager, Sales and Technical Development, and Glenn Wredenhagen, President. These two experts have in excess of 40 years combined EPS Manufacturing, Quality and R&D experience. Pricing and volume decisions are at their sole discretion, allowing for quick and easy transactions. Steve Olynyk has been promoted to Customer Service/Inside Sales Coordinator, and brings over 30 years of experience in his field. In addition, StyroChem has representation in Mexico, South America, and Asia. For up-to-date contact information please consult our website at:

[www.StyroChem.com](http://www.StyroChem.com)

## STYROCHEM SELLS TO MORE THAN 20 COUNTRIES

### QUALITY

Guaranteed precision standards for product consistency, dependable supply and timely delivery.

### LEADERSHIP

Dedicated to advanced EPS technology, approved by UL, Factory Mutual, the Council of American Building Officials and backed by more than 26 years of EPS expertise.

### ENVIRONMENTAL SOLUTIONS

Working together on the issues our industries face internally and externally.

### PARTNERSHIP

Developing customer and end-user needs in technology, marketing and bottomline profitability.

## PROUD TO SPONSOR EPS EXPO!

# EPS EXPO

**COCKTAIL HOUR with the EXHIBITORS**

Please be our guest for cocktails from 4 to 5 pm on March 26. An excellent opportunity to meet and greet colleagues in a relaxed atmosphere after a long day at EPS EXPO!

## EXPANSION AND GROWTH TO MEET YOUR EPS NEEDS!

**StyroChem has become an independent business unit**, while remaining a member of the WinCup family. Our customers and suppliers now have a direct link to the people who manage StyroChem both from a product performance/quality perspective and a financial perspective. With all StyroChem plants under one corporate umbrella, managed by one team, our ability to serve your needs has been vastly improved.

**StyroChem has consolidated its U.S. operations.** After several difficult years, the successful consolidation of all our U.S. operations into one fully integrated plant in Fort Worth, Texas, means more efficient service for all our customers.

**StyroChem has expanded its Montreal facilities.** The reactor base will grow by 125% and the added permanent Block and Shape line will allow for maximum utilization of the added reactor base. Annual plant capacity will increase from 55 million to 125 million pounds, improving order fulfillment and response times.

**StyroChem has invested an additional \$1.5 million in R&D** to maintain and improve our product base, and offer our customers the products and service they seek now and well into the future.
